Serial Letter # 77

Re: I-90 Hyak to Snowshed Vicinity Phase 1B Add Lanes and Bridges
WSDOT Contract #7852, KLB #210845

Subj: Charley Murphy and Brad Collier

Dear Mr. Griffith,

Please see the attached letter from Western States Drilling and Blasting, Inc. concerning blasting consultant Charley Murphy returning home Friday, October 15th. Charley will continue to fulfill his duties as blasting consultant. Per Special Provision 2-03.3(2) there is no requirement for the blasting consultant to remain on site full time.

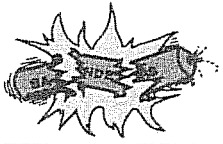

Western States would also like to add Brad Collier as a qualified blaster on the project in addition to Vic Bronson. This will be helpful in the event that Vic Bronson is unavailable or they have to load shots in two different areas. Attached is a copy of Brad Colliers Washington State blasters license.

Please forward this information onto WSDOT for their review and approval.

Sincerely,

A handwritten signature in black ink, appearing to read "Aiesh Ragih". To the right of the signature, the word "for:" is written in a similar handwritten style.

Re: Charley Murphy

Dear Aiesh and James:

As you know, Charley is returning home at the end of this week. He is the blasting consultant on the project. Charley will continue to function as the consultant even though he will not be present on the site. There is no requirement that the blasting consultant be onsite at all times. Vic Bronson will continue to operate as the qualified blaster. Changes and concerns will be discussed with Charley and his recommendations will be taken into consideration.

We would also like to add Brad Collier as an additional qualified blaster on the project. He already has a Washington State blasters license. It would be helpful in the event Vic is unavailable or we have to load in two different areas. Let me know if this is acceptable and we'll submit a copy of his license.

I think it would be appropriate to forward this letter to officials with the State. I know Bob Hooker was wondering about it. Please call me with any questions.

Sincerely

Daniel M. Sanders
